October 21, 2016

**FOR IMMEDIATE RELEASE**

#### **BEACH ADVISORY**

The Department of Planning and Natural Resources (DPNR) announces that the Beach Water Quality Monitoring Program, which evaluates weekly water quality at popular swimming beaches throughout the Territory by sampling for Enterococci Bacteria and Turbidity, which is a measure of water clarity, advises the public of the following:

DPNR performed water quality analysis at 31 designated beaches throughout the Territory during the week of October 17-21, 2016. **Please Note: Princess Condo Row was not sampled this week due to lack of access this week.** The following beaches **meet water quality standards and are safe for swimming or fishing:**

#### **St. Croix**

Protestant Cay

Buccaneer

Pelican Cove (Comorant)

Shoy's

Chenay Bay

New Fort (Ft. Louise)

Augusta)

Dorsch

Stoney Ground

Frederiksted Public Beach

#### **St. Thomas**

Coki point

Bluebeards

Secret Harbor

Bolongo Bay

Frenchman's Bay

Sapphire

Hull Bay

Magen's Bay

Lindbergh Bay

Brewer's Bay

Vessup Bay

**St. John**

Johnson Bay

Cruz Bay

Oppenhiemer

The following beaches **do not meet water quality standards because they exceed the established Enterococci Bacteria threshold and therefore are not considered to be safe for swimming or fishing:**

**St. Croix**

Rainbow

Cramer Park

Grapetree Bay

Halfpenny

Cane Bay

**St. Thomas**

Water Bay

Lindquist

**St. John**

Great Cruz Bay

High levels of Enterococci Bacteria and Turbidity may be caused by runoff due to heavy rains, heavy marine vessel traffic, high wave activity near the shoreline, irresponsible recreational use, etc. Runoff can consist of sediment, pesticides, animal feces and oil & grease, all of which are harmful to the waters of the Territory.

DPNR will continue to monitor these popular swimming areas. DPNR also recommends that you use your own discretion when swimming or fishing at the designated beaches. If the waters appear muddy or murky or have foul odors, do not swim or fish. For additional information regarding water quality call the Division of Environmental Protection at 773-1082 in St. Croix.
