- *Columbus Landing, Grapetree Bay & Princess (Condo Row) on St. Croix*

Therefore, the water quality of these beaches is unknown.

All persons should also be aware that storm water runoff may also contain contaminants or pollutants harmful to human health and therefore all persons should avoid areas of storm water runoff (i.e. guts, puddles, and drainage basins) or if any area appears discolored or has foul odors. DPNR will continue to monitor the impacted areas and waters.

For additional information regarding water quality call the Division of Environmental Protection at 773-1082 in St. Croix or 774-3320 in St. Thomas.
