FOR IMMEDIATE RELEASE

**BEACH ADVISORY**

The Department of Planning and Natural Resources (DPNR) announces that the Beach Water Quality Monitoring Program, which evaluates weekly water quality at popular swimming beaches throughout the Territory by sampling for Enterococci, Bacteria and Turbidity, which is a measure of water clarity, advises the public of the following:

DPNR performed water quality analysis at 35 designated beaches throughout the Territory during the week of May 30 – June 3, 2022. The following beaches meet water quality standards and are considered safe for swimming and fishing:

| <b>St. Thomas</b> |                   |                 |
|-------------------|-------------------|-----------------|
| Lindbergh Bay     | Vessup Bay        | Frenchman’s Bay |
| Brewers Bay       | Lindqvist Beach   | Coki Point      |
| Water Bay         | Bluebeard’s Beach |                 |
| Magens Bay        | Bolongo Bay       |                 |
| Sapphire Beach    | Secret Harbor     |                 |

| <b>St. Croix</b>             |                                  |                  |              |
|------------------------------|----------------------------------|------------------|--------------|
| Stony Ground                 | Pelican Cove<br>Cormorant        | Shoy’s           | Sprat Hall   |
| Dorsch Beach                 | Princess (Condo<br>Row)          | Chenay Bay       | Gentle Winds |
| Frederiksted<br>Public Beach | Protestant Cay                   | Cramer’s Park    |              |
| Rainbow<br>(Prosperity)      | New Fort (Ft.<br>Louise Augusta) | Grapetree Bay    |              |
| Cane Bay                     | Buccaneer Beach                  | Columbus Landing |              |

|                 |
|-----------------|
| <b>St. John</b> |
|-----------------|

|                |
|----------------|
| Great Cruz Bay |
|----------------|

|                     |
|---------------------|
| <b>Water Island</b> |
|---------------------|

|                 |
|-----------------|
| Honeymoon Beach |
|-----------------|

**The following beaches do not meet water quality standards because they exceed the established Enterococci Bacteria threshold and therefore are not considered safe for swimming or fishing:**

- *Cruz Bay on St. John*
- *Oppenheimer on St. John*
- *Johnson Bay on St. John*
- *Frank Bay on St. John*

**Please note: Samples were not collected on the following beaches:**

- *Hull Bay on St. Thomas*
- *Halfpenny Beach on St. Croix*

*Therefore, the water quality at these beaches is unknown.*

All persons should be aware that storm water runoff may also contain contaminants or pollutants harmful to human health and therefore, should avoid areas of storm water runoff (i.e., guts, puddles, and drainage basins) or any area that appears discolored or has foul odors. DPNR will continue to monitor impacted areas and waters.

For additional information regarding water quality call the Division of Environmental Protection at 773-1082 in St. Croix or 774-3320 in St. Thomas.
