## Minor modifications are defined in 12 VIRR §184-75 as modifications that only:

- (a) Correct typographical errors;
- (b) Require more frequent monitoring or reporting by the permittee;
- (c) Change an interim compliance date in a schedule of compliance, provided the new date is not more than 120 days after the date specified in the existing permit and does not interfere with attainment of the final compliance date requirement; or
- (d) Allow for a change in ownership or operational control of a facility where the Director determines that no other change in the permit is necessary, provided that a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the current and new permittees has been submitted to the Director.
- (e) Delete a point source outfall when the discharge from that outfall is terminated and does not result in discharge of pollutants from other outfalls except in accordance with permit limits.
- (f) Incorporate conditions of a POTW pretreatment program that has been approved in accordance with the procedures in <u>40 CFR 403.11</u> (or a modification thereto that has been approved in accordance with the procedures in <u>40 CFR 403.18</u>) as enforceable conditions of the POTW's permits.
