PUBLIC NOTICE

Commissioner Jean-Pierre L. Oriol of the Department of Planning and Natural Resources informs the public that the following St. Croix Coastal Zone Management (CZM) Committee Meeting is scheduled for Thursday, June 8, 2023, at 5:30 pm. This meeting will be held via the video conferencing platform Zoom. The agenda is as follows:

Decision Meeting (public testimony will be not heard)

Major CZM Permit Application, CZX-12-23(L), has been submitted by Gentle Winds Condominium Association (GWCA). GWCA proposes the installation of electrical power supply and new wastewater treatment plant. The project site is Remainder Plot Nos. 3 and 3-DH Estate Salt River, St. Croix, Virgin Islands.

Federal Consistency Determination, CZM0008-23(FC), has been submitted by the Virgin Islands Water & Power Authority (WAPA). VIWAPA proposes the burial of utility lines along the Queen Mary Highway, St. Croix. The proposed federally funded underground project will install underground ducts with manholes, pad-mount transformers, and other underground devices to replace existing overhead distribution lines along Queen Mary Highway from Emancipation Drive in Frederiksted to the Villa La Reine Intersection.

Federal Consistency Determination, CZM0009-23(FC), has been submitted by the Virgin Islands Water & Power Authority (WAPA). VIWAPA proposes the burial of utility lines in Estate Hannah's Rest, Frederiksted, St. Croix. The proposed federally funded underground project will install underground ducts with manholes, pad-mount transformers, and other underground devices to replace existing overhead distribution lines.

Major CZM Permit, CZX-27-05(L), has been submitted by Limetree Bay Terminals LLC dba Ocean Point Terminals for modification. The modification calls for the installation of ten (10) 1.5MW propane-fired engine generators with natural gas back up fuel. These units will replace existing units and will lower the facility's emissions. A control room, offices and workshop, roadway, parking and related infrastructure will be constructed in a previously disturbed area, no natural areas will be disturbed.

The following information should be used to participate in the meeting virtual:
