FOR IMMEDIATE RELEASE

DPNR CELEBRATES COASTWEEKS WITH BEACH CLEANUP

Commissioner Jean-Pierre L. Oriol of the Department of Planning and Natural Resources announces that the division of Coastal Zone Management (CZM) is celebrating Coastweeks International Coastal Cleanup, also known as **COASTWEEKS** from Saturday, September 16th – Sunday, October 29th. **COASTWEEKS** is a nationwide effort coordinated by **THE OCEAN CONSERVANCY** that has been happening for the past 30 years in the U.S. Virgin Islands with the help of many community partners.

“Removal of debris is important to maintaining the vibrancy and aesthetic quality of our ecosystems. Collecting data during cleanups is also an important process that ensures we capture vital information such as the types, quantities, and weight of debris removed,” said Commissioner Oriol. “Without this data, removal of the debris on its own will not prevent and reduce debris from ending up on our coastlines,” concluded Oriol.

CZM has selected **Vessup Beach** on St. Thomas for cleanup and is requesting the help of the community. Volunteers and students for community service are needed to help clean this beach on Saturday, September 23rd from 9 a.m. to 11 a.m. Supplies such as gloves, bags, and water will be provided. Another cleanup will be hosted on St. Croix on Saturday, October 14th from 9 a.m. to 11 a.m. Stay tuned for cleanup location!

If you have a group and want to participate in this program by cleaning up **Vessup Beach** or any other beach, please contact Zola Roper, Marine Debris Coordinator at (340) 774-3320 ext. 5134 zola.roper@dpr.vi.gov.
