

ANNUAL DISCHARGE FEE: Effective and due on October 1, 2020, an annual discharge fee is required for each permittee conducting operations. Each year after, the annual discharge fee is due on March 31.

For the first year you are covered by a permit, if the coverage starts after February 1, the annual fee is due 60 days after the date coverage starts.

The information you supply below should match data reported on your discharge monitoring reports (DMRs).

I am a public school. No fee. Enter this amount in Section I above. \$0

If you are not a public school, follow steps 1 through 10 below to calculate your average daily discharge flow and Normal Annual Discharge Fee. All discharge amounts and volumes are for the prior calendar year and should be entered in gallons per day. If your facility was not in operation in the prior calendar year or you anticipate significant variations in discharge amounts from the prior year, please contact DPNR for further directions.

1. Enter your average daily discharge flow for the prior calendar year	100,000.00
2. My average daily volume of wastewater discharged through an approved irrigation or land application infrastructure is 70,000.00 gallons per day. If the form does not automatically fill in a number to the right, enter the number that is 0.5 times the number you entered in this box.	35,000.00
3. My average daily volume of wastewater from systems producing potable water is 30,000.00 gallons per day. If the form does not automatically fill in a number to the right, enter the number that is 0.5 times the number you entered in this box.	15,000.00
4. My average daily volume of wastewater used as once-through non-contact cooling water is _____ gallons per day. If the form does not automatically fill in a number to the right, enter the number that is 0.75 times the number you entered in this box.	0.00
5. My average daily volume of the wastewater determined by DPNR to be flow-through discharge is _____ gallons per day. DO NOT ENTER a number in this box unless you have received DPNR's approval to do so. If the form does not automatically fill in a number to the right, enter the number that is 0.99 times the number you entered in this box.	0.00
6. If your average daily discharge flow entered on line 1 includes average stormwater discharge that is covered by a VI MSGP or VI CGP, then enter that stormwater discharge amount to the right in gallons per day	
7. This is your Average Daily Discharge Flow that will be used to determine your annual discharge fee. If the form does not automatically fill in a number to the right, subtract the numbers in the far-right column in lines 2 through 6 from that in line 1 and enter that number to the right.	50,000.00
8. Enter the Permit Fee amount listed in Table 2 (below) for the Average Daily Discharge Flow in line 7.	\$1,000.00
9. Enter \$500 if your permit includes a mixing zone and \$0 if it does not.	
10. This is your NORMAL ANNUAL DISCHARGE FEE. If the form does not automatically fill in a number to the right, add the numbers in the far-right column in lines 8 and 9 and enter that number to the right.	\$1,000.00

MAXIMUM DAILY DISCHARGE FLOW (Gallons Per Day)	APPLICATION FEE (USD)
0-1,000	\$50
1,001 to 10,000	\$100
10,001 to 50,000	\$500
50,001 to 100,000	\$1,100
100,001 to 1,000,000	\$2,200
1,000,001 to 5,000,000	\$3,300
5,000,001 to 10,000,000	\$4,400
10,000,001 to 40,000,000	\$5,500
40,000,001 to 100,000,000	\$6,600
greater than 100,000,000	\$7,700

AVERAGE DAILY DISCHARGE FLOW (Gallons per Day)	ANNUAL DISCHARGE FEE
0-1,000	\$250
1,001-10,000	\$500
10,001 to 50,000	\$1,000
50,001 to 100,000	\$1,400
100,001 to 250,000	\$1,700
250,001 to 500,000	\$2,250
500,001 to 1,000,000	\$5,500
1,000,001 to 2,000,000	\$7,250
2,000,001 to 5,000,000	\$10,000
5,000,001 to 10,000,000	\$15,500
10,000,001 to 20,000,000	\$22,250
20,000,001 to 40,000,000	\$31,500
40,000,001 to 100,000,000	\$42,250
greater than 100,000,000	\$55,000

Minor modifications are defined in 12 VIRR 184-75 as modifications that only:

- (a) Correct typographical errors;
- (b) Require more frequent monitoring or reporting by the permittee;
- (c) Change an interim compliance date in a schedule of compliance, provided the new date is not more than 120 days after the date specified in the existing permit and does not interfere with attainment of the final compliance date requirement; or
- (d) Allow for a change in ownership or operational control of a facility where the Director determines that no other change in the permit is necessary, provided that a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the current and new permittees has been submitted to the Director.
- (e) Delete a point source outfall when the discharge from that outfall is terminated and does not result in discharge of pollutants from other outfalls except in accordance with permit limits.
- (f) Incorporate conditions of a POTW pretreatment program that has been approved in accordance with the procedures in [40 CFR 403.11](#) (or a modification thereto that has been approved in accordance with the procedures in [40 CFR 403.18](#)) as enforceable conditions of the POTW's permits.

ANNUAL DISCHARGE FEE: Effective and due on October 1, 2020, an annual discharge fee is required for each permittee conducting operations. Each year after, the annual discharge fee is due on March 31.

For the first year you are covered by a permit, if the coverage starts after February 1, the annual fee is due 60 days after the date coverage starts.

The information you supply below should match data reported on your discharge monitoring reports (DMRs).

<input type="checkbox"/>	I am a public school. No fee. Enter this amount in Section I above.	\$0
If you are not a public school, follow steps 1 through 10 below to calculate your average daily discharge flow and Normal Annual Discharge Fee. All discharge amounts and volumes are for the prior calendar year and should be entered in gallons per day. If your facility was not in operation in the prior calendar year or you anticipate significant variations in discharge amounts from the prior year, please contact DPNR for further directions.		
	1. Enter your average daily discharge flow for the prior calendar year	100,000.00
	2. My average daily volume of wastewater discharged through an approved irrigation or land application infrastructure is 70,000.00 gallons per day. If the form does not automatically fill in a number to the right, enter the number that is 0.5 times the number you entered in this box.	35,000.00
	3. My average daily volume of wastewater from systems producing potable water is 30,000.00 gallons per day. If the form does not automatically fill in a number to the right, enter the number that is 0.5 times the number you entered in this box.	15,000.00
	4. My average daily volume of wastewater used as once-through non-contact cooling water is _____ gallons per day. If the form does not automatically fill in a number to the right, enter the number that is 0.75 times the number you entered in this box.	0.00
	5. My average daily volume of the wastewater determined by DPNR to be flow-through discharge is _____ gallons per day. DO NOT ENTER a number in this box unless you have received DPNR's approval to do so. If the form does not automatically fill in a number to the right, enter the number that is 0.99 times the number you entered in this box.	0.00
	6. If your average daily discharge flow entered on line 1 includes average stormwater discharge that is covered by a VI MSGP or VI CGP, then enter that stormwater discharge amount to the right in gallons per day	
	7. This is your Average Daily Discharge Flow that will be used to determine your annual discharge fee. If the form does not automatically fill in a number to the right, subtract the numbers in the far-right column in lines 2 through 6 from that in line 1 and enter that number to the right.	50,000.00
	8. Enter the Permit Fee amount listed in Table 2 (below) for the Average Daily Discharge Flow in line 7.	\$1,000.00
	9. Enter \$500 if your permit includes a mixing zone and \$0 if it does not.	
	10. This is your NORMAL ANNUAL DISCHARGE FEE. If the form does not automatically fill in a number to the right, add the numbers in the far-right column in lines 8 and 9 and enter that number to the right.	\$1,000.00

<input type="checkbox"/>	Full year fee: I will have a permit in effect for each month during the current calendar year. If the form does not automatically fill in a number to the right, enter your Normal Annual Discharge Fee (the amount in line 10). This is your Annual Discharge Fee. Enter it in Section I above.	\$1,000.00
<input type="checkbox"/>	Partial year fee: I will have a permit in effect for only <u>Select</u> months during the current calendar year. If the form does not automatically fill in a number to the right, enter the amount that is your Normal Annual Discharge Fee (the amount in line 10) times the number of months your permit will be in effect for the current calendar year divided by 12. This is your Annual Discharge Fee. Enter it in Section I above.	\$0.00
<input type="checkbox"/>	I am a private school, municipality, or church or other religious organization, and my permit will be in effect for each month during the current calendar year. If the form does not automatically fill in a number to the right, enter the amount that is the Normal Annual Discharge Fee (the amount in line 10) times 0.15. This is your Annual Discharge Fee. Enter it in Section I above.	\$150.00
<input type="checkbox"/>	I am a private school, municipality, or church or other religious organization, and my permit will be in effect for only <u>Select</u> months during the current calendar year. If the form does not automatically fill in a number to the right, enter the amount that is the Normal Annual Discharge Fee (the amount in line 10) times 0.15 times the number of months your permit is in effect this calendar year divided by 12. This is your Annual Discharge Fee. Enter it in Section I above.	\$0.00
NOTE: If your permit expires this year and you are renewing it, your permit is considered to be in effect for the full year for purposes of calculating your annual discharge fee. If your operations and discharges changed dramatically under the renewal permit, please contact DPNR for guidance.		
<input type="checkbox"/> SPECIAL APPLICATION FEE FOR PERMIT MODIFICATIONS: Due when you apply to modify your permit at any time other than during permit renewal.		
<input type="checkbox"/>	I am making a minor modification (as set forth in 12 VIRR 184-75 (reprinted below)). No fee. Enter \$0 in Section I above.	\$0
<input type="checkbox"/>	I am a public school. Enter \$0 in Section I above.	\$0
If you are not a public school and you are making a permit modification that is not a minor modification, follow steps 1 through 4 below to calculate your Normal Special Application Fee. Then check the appropriate box and fee below that.		
	1. Enter the maximum daily discharge flow in gallons per day for your permit as modified.	
	2. Using your maximum daily discharge flow reported in line 1, look up the application fee listed on Table 1 (below) and enter that amount.	
	3. Enter \$500 if your permit has a mixing zone or \$0 if it does not.	
	4. This is your NORMAL SPECIAL APPLICATION FEE for a permit modification. If the form does not automatically fill in a number to the right, add the numbers in the far-right columns in lines 2 and 3 and enter this number to the right.	0
