Please note: Samples were not collected on the following beaches:

- *Water Bay on St. Thomas*
- *Gentle Winds on St. Croix*
- *Columbus Landing on St. Croix*
- *Cramer's Park on St. Croix*
- *Grapetree Bay on St. Croix.*

Therefore, the water quality at these beaches is unknown.

All persons should be aware that storm water runoff may also contain contaminants or pollutants harmful to human health and therefore, should avoid areas of storm water runoff (i.e., guts, puddles, and drainage basins) or any area that appears discolored or has foul odors. DPNR will continue to monitor impacted areas and waters.

For additional information regarding water quality call the Division of Environmental Protection at 773-1082 in St. Croix or 774-3320 in St. Thomas.
