FOR IMMEDIATE RELEASE

BEACH ADVISORY

The Department of Planning and Natural Resources (DPNR) announces that the Beach Water Quality Monitoring Program, which evaluates weekly water quality at popular swimming beaches throughout the Territory by sampling for Enterococci, Bacteria and Turbidity, which is a measure of water clarity, advises the public of the following:

DPNR performed water quality analysis at 32 designated beaches throughout the Territory during the week of November 4 – November 8, 2024.

The Territory experienced significant rain in the days following sample collection. Please be advised that there may be an elevated health risk to anyone swimming in storm water-impacted areas because of increased concentrations of bacteria or other contaminants. Areas of storm water runoff (i.e., guts, puddles, and drainage basins) or any area that appears discolored or has foul odors should be avoided. DPNR will continue to monitor impacted areas and waters.

Based on the analytical results, the following beaches met water quality standards and are considered safe for swimming and fishing:

St. Croix		
Dorsch Beach	Halfpenny Beach	Protestant Cay
Frederiksted Public Beach	New Fort (Ft. Louise Augusta)	Cramer’s Park
Princess (Condo Row)	Stony Ground	Rainbow Beach
Shoy’s	Grapetree Bay	Cane Bay
Pelican Cove (Comorant)	Buccaneer Beach	

St. Thomas		
Brewers Bay	Lindbergh Bay	Lindqvist Beach
Coki Point	Hull Bay	Sapphire Beach
Secret Harbor	Frenchman's Bay	Magens Bay

St. John
Great Cruz Bay

The following beaches do not meet water quality standards because they exceed the established Enterococci Bacteria threshold and therefore are not considered safe for swimming or fishing:

- *Bluebeard's Beach on St. Thomas*
- *Oppenheimer Beach on St. John*
- *Bolongo Bay on St. Thomas*
- *Vessup Bay on St. Thomas*
- *Johnson Bay on St. John*
- *Cruz Bay on St. John*
- *Chenay Bay on St. Croix*
- *Frank Bay on St. John.*

Please note: Samples were not collected on the following beaches:

- *Water Bay on St. Thomas*
- *Honeymoon Beach on Water Island.*

Therefore, the water quality at these beaches is unknown.

For additional information regarding water quality call the Division of Environmental Protection at 773-1082 in St. Croix or 774-3320 in St. Thomas.
