PUBLIC NOTICE

The Department of Planning and Natural Resources announces that pursuant to Virgin Islands Rules and Regulations, Title 12, Chapter 21, Section 910 (a) (4), Axis Development Group, LLC (Permittee) has requested an extension of their previously approved permit CZT-07-21(L), approved on May 23rd, 2023.

The Permittee had proposed the construction of a laydown yard for heavy equipment at Parcel 18-M2 Estate Bovoni, St Thomas, Virgin Islands and includes perimeter security fencing and a stormwater retention pond. No change to the permit is being requested. The Permittee was required to conduct additional archaeological surveys and has now completed this requirement. The public has 7 days in which to review the proposed plans and submit their written comments.

The project documents are available online at the Division's website or at the DPNR main offices on St. Thomas Monday -Friday 8:00 am – 5:00 pm.
